A different country - different laws..

“Wills” and “Inheritance” are words we all wish to avoid but what if...?

Have you already thought about contacting a lawyer? This would cost you a fortune but we can offer a talk for almost free.

SANDRA SPIRIG'S presentation will give you some guidance on inheritance, with a focus on individuals with multiple citizenship and multi-national couples like many ZIWA members.

Sandra Spirig is an experienced practitioner and advises Swiss and foreign private clients in estate and succession planning matters. She also is a certified specialist SBA in inheritance law and a lecturer at the University of Zurich in matrimonial property and inheritance law.
